## Description of GALAA, GALA East Asia

### INTRODUCTION

---

The 5<sup>th</sup> Glocal Advocacy Leadership in Asia (GALA) Academy – East Asia is a joint initiative by Asia Development Alliance (ADA) and Asia Democracy Network (ADN) with the aim of strengthening advocacy capacity of CSOs for defending and promoting civic and democratic space and human rights through strategic “glocal (global and local)” actions on the UN 2030 Agenda for Sustainable Development known as Sustainable Development Goals (SDGs).

It is to be organized in Phnom Penh, Cambodia from 18 to 23 Oct. 2017 in partnership with the International Forum of National NGO/CSO Platforms (IFP), Transparency, Accountability and Participation (TAP) Network and Asia Partnership for Sustainable Development (APSD) with the Cooperation Committee for Cambodia (CCC) as a local host.

The workshop is expected to help CSOs in East Asia to learn about SDGs itself as well as how to engage with the government and others stakeholders for the implementation of SDGs including monitoring and coalition-building among CSOs across the sectors.

The workshop is also to focus on how to engage in the Voluntary National Review (VNR) of the UN High Level Political Forum (HLPF) and SDG 10 (inequality) and 16 (peace and justice) which are global thematic priorities of HLPF 2019 and SDG Target 17.2 (ODA) and 17.17 (partnership)

The GALAA East Asia 2017 is the first sub-regional training workshop in East Asia after the 4 regional GALAA from 2013 to 2016 as a joint training of ADA, ADN and FORUM-ASIA. Two national training workshops on SDGs have been organized in Bhutan and Myanmar in July and the third one to be in Mongolia in Aug. 2017.

### OBJECTIVES

---

The general objective of the GALAA East Asia 2017 is to enhance capacity and shared understanding of the next generation of CSO leaders in Asia, who shall play a crucial and constructive role in the national, regional and international advocacy on human rights, development and democracy.

In particular, at the end of the weeklong training, participants are expected to have attained the following specific learning objectives: 1) necessary knowledge about SDGs and its implementation process and mechanisms, 2) practical understanding about issues related to sustainable development, in particular inequality (Goal 10), peace and justice (Goal 16), and Official Development Assistance (ODA) and multi-stakeholder partnership (Goal 17); and 3) better strategies and action plans on SDG implementation at national and sub-national as well as international levels.

## About IFP

---

**The International Forum of National NGO Platforms (IFP)** brings together 64 national platforms from Africa, the Americas, Asia, Europe and Oceania and 6 regional coalitions, which together account for more than 22,000 organizations. The IFP was founded at an international conference in Paris in 2008. The members of their global network work together through a shared vision and common values: the defense of human rights, the inclusion of the most vulnerable populations, the fight against inequalities and injustice, as well as the eradication of poverty and sustainable development. National platforms from the five continents have endorsed joint advocacy positions and promoted non-governmental diplomacy initiatives to effectively broaden CSOs space in the international arena and influence local and global debates, promoting the vision of a fair and sustainable world.
